Firewall Policies and VPN Configurations By Syngress, Dale Liu, Stephanie Miller, Mark Lucas, Abhishek Singh, Jennifer Davis

A firewall is as good as its policies and the security of its VPN connections. The latest generation of firewalls offers a dizzying array of powerful options; they key to success is to write concise policies that provide the appropriate level of access while maximizing security.

This book covers the leading firewall products: Cisco PIX, Check Point NGX, Microsoft ISA Server, Juniper's NetScreen Firewall, and SonicWall. It describes in plain English what features can be controlled by a policy, and walks the reader through the steps for writing the policy to fit the objective. Because of their vulnerability and their complexity, VPN policies are covered in more depth with numerous tips for troubleshooting remote connections.

- The only book that focuses on creating policies that apply to multiple products.
- Included is a bonus chapter on using Ethereal, the most popular protocol analyzer, to monitor and analyze network traffic.
- Shows what features can be controlled by a policy, and walks you through the steps for writing the policy to fit the objective at hand

Editorial Review

About the Author

Dale Liu, (MCSE Security, CISSP, MCT, IAM/IEM, CCNA) has been working in the computer and networking field for over 20 years. Dale's experience ranges from programming to networking to information security and project management. He currently teaches networking, routing and security classes, while working in the field performing security audits and infrastructure design for medium to large companies.

Abhishek Singh is a Security Researcher on the Microsoft Malware Protection Center (MMPC) team, where he performs analysis of vulnerabilities to develop signatures. He was previously employed with Symantec as a Senior Software Engineer. He was also one of the initial technical members of the Third Brigade Security Center, now part of Trend Micro. He has also worked for SafeNet.

Abhishek was a leading inventor of various patent pending technologies in IDS/IPS and an algorithm for faster analysis of binaries and two-factor authentication. He served as Technical Editor for "Vulnerability Analysis and Defense for the Internet" and "Identifying Malicious Code Through Reverse Engineering." He has published Internet Drafts and security-related papers in premier journals and for various conferences.

Abhishek holds a Master of Science in Information Security and a Master of Science in Computer Science, both from the College of Computing, Georgia Institute of Technology and a B.Tech. in Electrical Engineering from Institute of Technology, BHU, India.

Users Review

From reader reviews:

Robert Stratton:

Inside other case, little men and women like to read book Firewall Policies and VPN Configurations. You can choose the best book if you appreciate reading a book. Providing we know about how is important a new book Firewall Policies and VPN Configurations. You can add understanding and of course you can around the world with a book. Absolutely right, since from book you can learn everything! From your country right up until foreign or abroad you will find yourself known. About simple factor until wonderful thing it is possible to know that. In this era, we could open a book as well as searching by internet gadget. It is called e-book. You may use it when you feel fed up to go to the library. Let's go through.

Keiko Whitchurch:

Now a day people that Living in the era wherever everything reachable by match the internet and the resources in it can be true or not involve people to be aware of each details they get.
