Physiologus: A Medieval Book of Nature Lore From University of Chicago Press

One of the most popular and widely read books of the Middle Ages, *Physiologus* contains allegories of beasts, stones, and trees both real and imaginary, infused by their anonymous author with the spirit of Christian moral and mystical teaching. Accompanied by an introduction that explains the origins, history, and literary value of this curious text, this volume also reproduces twenty woodcuts from the 1587 version. Originally composed in the fourth century in Greek, and translated into dozens of versions through the centuries, *Physiologus* will delight readers with its ancient tales of ant-lions, centaurs, and hedgehogs—and their allegorical significance.

“An elegant little book . . . still diverting to look at today. . . . The woodcuts reproduced from the 1587 Rome edition are alone worth the price of the book.”—Raymond A. Sokolov, *New York Times Book Review*

Editorial Review

Review

"An elegant little book... still diverting to look at today.... The woodcuts reproduced from the 1587 Rome edition are alone worth the price of the book." - Raymond A. Sokolov, New York Times Book Review
"Curley gives a careful account of the history and development of *Physiologus*, including the insoluble problem of its authorship." - Anne Clark, Washington Post Book World"

About the Author

Michael J. Curley is professor emeritus of English at the University of Puget Sound. He is the author of many books, including *Alessandro Manzoni: Two Plays*.

Users Review

From reader reviews:

Charles Jones:

If you did not get much space to bring often the printed book, you can buy the actual e-book. It is make you better to read it. You can save the book in your smart phone. Consequently there are a lot of benefits that you

will get when one buys this book.

Francisco Garcia:

As a scholar exactly feel bored to be able to reading. If their teacher requested them to go to the library or even make summary for some publication, they are complained. Just little students that has reading's soul or real their hobby. They just do what the instructor want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that studying is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Physiologus: A Medieval Book of Nature Lore can make you really feel more interested to read.
