Serendipity By Carly Phillips

Dear Readers,

Welcome to SERENDIPITY!

SERENDIPITY is a new contemporary romance series in the more heartfelt style I developed in novels like CROSS MY HEART and SEALED WITH A KISS. I will be introducing you to the town of Serendipity, its landmark Harrington Mansion, and a vibrant cast of characters from both sides of the tracks. Like any other town, Serendipity has its secrets, scandals, pain, heartache and love, but there is also an implied promise of fortune and good luck, along with people at changes and crossroads in their lives.

First up, Ethan Barron, the bad boy who has come home to make good and Faith Harrington, the girl who got away. Next is Nash Barron in Destiny (1/12) and Dare Barron in Karma (5/12).

I hope you'll take this new journey with me!
Happy Reading,
Carly Phillips

Susan Mallery Reviews *Serendipity*

Susan Mallery is the author of the *New York Times* best-selling series of Fool's Gold romances, including *Only Mine*, *Only Yours*, and *Only His*.

What I love most about contemporary romance is the fact that, at its best, the characters could live next door, be my best friend, and the girl always gets the guy. *Serendipity* is a funny, sexy story with exactly the right mix of sass and heart.

Faith Harrington is back in *Serendipity* with something to prove and a life to fix. Circumstances haven't been exactly kind, and Faith herself is a bit to blame. She's smart, she's willing to take responsibility for what she did wrong and she's facing down those who want to call her out on who she was and what her father did to the town.

Ethan Barron is one yummy hero. A reformed bad boy with a couple of brothers who want nothing to do with him and a whole lot of people willing to assume the worst. If it sounds like a fun ride, it is. There are wonderful secondary characters, and the promise for more books to come. I think the other Barron brothers are going to be as toe-curling as Ethan and I can't wait for the next installment in the series.
