### Doublespeak: The Rhetoric of the Far Right Since 1945 (Explorations of the Far Right) From *ibidem* Press

This timely intervention exposes the euphemized language of the extreme right as a deceptive attempt to secure greater influence over public policy. Since the end of World War II, the extreme right has made strategic use of "doublespeak," which apes the language of liberal democracy. Attentive observation and accurate recognition of these tactics means taking the extreme right's deliberately crafted slogans, symbols, and themes seriously. These essays investigate the extreme right's attempts at "repackaging" contemporary ultranationalism to make it more palatable to mainstream European and American tastes.

### Editorial Review

#### Review

Interesting books address relevant issues, study largely neglected cases, or provoke further research by raising new questions with its answers to old ones. *Doublespeak* does all of this and more, making it an important contribution to the literature on the far right for scholars and students from a broad variety of academic disciplines.

(Cas Mudde, University of Georgia)

In *Doublespeak* Feldman and Jackson have collected an impressive range of contributors who analyse the language of the far- and extreme-right with both historic breadth and linguistic detail. This volume demonstrates, in a clear and precise manner, the ways extremists camouflage their language, in a series of elaborate codes and euphemisms, in order to conceal their antidemocratic nature and appear more moderate. This vitally important collection will prove stimulating and useful for all opponents of right-wing extremism, both inside and outside academia. I cannot recommend this book highly enough.

(John Richardson, Loughborough University)

#### About the Author

Matthew Feldman is a reader in contemporary history at Teesside University, a senior research fellow at the University of Bergen, Norway, and a senior researcher with the Cantemir Institute, University of Oxford.

Paul Jackson is coeditor of Wiley-Blackwell's online journal *Compass: Political Religions*, an editor of the Mapping the Far Right book series, and an associate editor of the Historicising Modernism book series.
