5.0 out of 5 stars **Easy-to-Follow, Step-by-Step Lessons!** Nov. 30, 2014 by Heidi: This is an excellent guide for anyone interested in learning to play guitar or sharpen their skills if they already play. It is great for someone looking to learn guitar on their own or for a guitar instructor to use with their students. Damon Ferrante does a very good job making the lessons comprehensive and fun for the learner. In no time, he introduces students to some of the most popular songs in the guitar world, encouraging students to get acquainted with professional guitar sounds. -- Amazon

It is easy to follow and includes instructional videos that really clarify the lessons outlined in each chapter. 5.0 out of 5 stars **Very Comprehensive and Easy to Follow** January 16, 2015 by Destiny: I tried learning guitar years ago with a private instructor, and got quickly frustrated and overwhelmed and quit. But this book walks you through the basics, step by step, and is very easy to follow. I love how much material is in here too. And the language is very simple and straightforward, so even kids could really take to this on their own very quickly. I feel like I could keep learning off of this for a couple of years before I needed to step up to something more advanced. -- Amazon

5.0 out of 5 stars **Wonderful Book for Learning How to Play** April 9, 2015 by Andrea Gouldy: I really appreciated the fact that this is set up for those who may need a little help getting started. For instance, perhaps you are shy or the thought of diving into a new endeavor in front of someone who is very experienced may intimidate you. I would like to take up guitar again and it makes it all the more doable for me to think that when I do, I can do it in the comfort of my own home. I like the emphasis on having fun with it. Thank you for giving this to the world! -- Amazon
