**Out of Many: A History of the American People, Volume 2 with NEW MyHistoryLab with eText -- Access Card Package (7th Edition)** By John Mack Faragher, Mari Jo Buhle, Daniel H. Czitrom, Susan H. Armitage

**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

## Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

## Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

## Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

--  
*Out of Many* is a coherent narrative of American history that offers insight into how diverse communities and different regions have shaped America's past. The text reveals the ethnic, geographical and economic diversity of the United States by examining the individual, the community and the state and placing a special

focus on the country's regions, particularly the West.

The updated edition features new and expanded coverage of a wide variety of topics in addition to MyHistoryLab tools that connect the text to interactive online learning tools to bring U.S. history to life.

## **Editorial Review**

### Review

*Out of Many* is a fine synthesis of U.S. political, social, and cultural history, with splendid attention to region ... engagingly written and illustrated for students.

-Michael J. Pfeifer, *John Jay College of Criminal Justice / History*

The text provokes student excitement by initiating interesting stories augmented by illuminating but not excessive details. The review questions enable students to prepare for class discussion and the recommended readings provide a starting point for students wishing to delve further in a particular topic.

-Dr. Deborah Welch, *Longwood University*

The community vignettes are the most compelling feature of the textbook, marking this text as unique and at once scholarly and accessible. I admire these essays greatly and when reading them feel I myself am learning from some of the best scholars in the field.

-TJ Boisseau, *University of Akron*

...the overall presentation is very effective in every way. In the end that is the most important attribute. I would certainly describe it as one of the best textbooks on the market today.

-Burton Peretti, *Western Connecticut State University*

...an excellent text for instructors to use as they look for interesting information to add to their lectures.

-Thomas Clarkin, *San Antonio College*

From what I've seen over the years, the authors of *Out of Many* have proven to be very responsive to changes in the field, regularly broadening their geographic focus, highlighting the experiences of a wider variety of historical actors, and more meaningfully exploring global forces that have impacted American history. Thus, its most compelling attribute would have to be its sheer ambition in attempting to remain as current as possible, and it mostly succeeds.

-Jeffrey M. Schulze, *University of Texas at Dallas*

It is an easy-to-read, engaging text that gives students the information they need without bogging them down in unnecessary details, and it doesn't tell students how to think but rather gives them the information they need to draw their own conclusions.

-Cynthia Carter, *Florida Community College at Jacksonville*

The main headings and subheadings help to navigate both instructor and student into a chronological and topical advance which both challenges and elevates critical thinking.

-Dr. John S. Leiby, *Paradise Valley Community College*

### From the Back Cover

More than 4 million students are now using Pearson MyLab products!

**Here are just a few ways MyHistoryLab can help you save time and improve results:**

**Pearson eText** — Just like the printed text, students can highlight and add their own notes. Students save time and improve results by having access to their book online.

**Gradebook** — Students can monitor their progress and instructors can monitor the progress of their entire class. Automated grading of quizzes and assignments helps both instructors and students save time and monitor their results throughout the course.

**History Bookshelf** — This compendium of resources includes up to 100 most commonly assigned history works like Thomas Paine's *Common Sense*, Upton Sinclair's *The Jungle*, and Machiavelli's *The Prince*.

**To order this book with MyHistoryLab access at no extra charge, use ISBN 9780205194476.**
