The Green Food Bible By Judith Wills

The Essential Guide to Ethical, Organic, Whole and Healthy Food

All you need to know about food that is ethical, organic, whole and healthy.

Until quite recently it was considered fairly radical to buy organic produce, and the term “ethical food” was almost unheard of. Today, millions of us are trying to improve our lives, our health — and the planet — by eating not only organic, healthy, additive-free food, but also food that has been produced responsibly. But with so much conflicting information out there, many of us still have concerns about what we are really buying and eating, and where our food has come from. Today, the concept of “green food” embraces so many things including how far our food has travelled to reach us, seasonal eating, free trade, fair trade, slow food, and many more concerns.

The Green Food Bible offers a guiding hand through the complicated maze that is eating today. Fully illustrated throughout, it is packed with fascinating information about the food industry. It includes a hands-on guide to growing your own organic fruits and vegetables. Practical, comprehensive and up-to-date, **The Green Food Bible** will enable consumers to make confident, informed choices about buying and eating food that is not only healthy for us, but healthy for the environment

Users Review

From reader reviews:

Christi Ross:

Do you have favorite book? For those who have, what is your favorite's book? Guide is very important thing for us to understand everything in the world. Each book has different aim or maybe goal; it means that guide has different type. Some people experience enjoy to spend their time to read a book. They are reading whatever they have because their hobby is actually reading a book. Why not the person who don't like looking at a book? Sometime, man or woman feel need book once they found difficult problem as well as exercise. Well, probably you will want this The Green Food Bible.

Margaret Gray:

This The Green Food Bible is great e-book for you because the content that is certainly full of information for you who have always deal with world and get to make decision every minute. This kind of book reveal it details accurately using great organize word or we can state no rambling sentences included. So if you are read that hurriedly you can have whole data in it. Doesn't mean it only provides you with straight forward sentences but hard core information with beautiful delivering sentences. Having The Green Food Bible in your hand like having the world in your arm, facts in it is not ridiculous a single. We can say that no reserve that offer you world inside ten or fifteen second right but this book already do that. So , this can be good reading book. Heya Mr. and Mrs. stressful do you still doubt that will?

Jessica Henriquez:

Is it an individual who having spare time subsequently spend it whole day by watching television programs or just laying on the bed? Do you need something new? This The Green Food Bible can be the reply, oh how comes? The new book you know. You are so out of date, spending your free time by reading in this brand-new era is common not a nerd activity. So what these textbooks have than the others?

Dona Cole:

A lot of guide has printed but it is unique. You can get it by world wide web on social media. You can choose the best book for you, science, witty, novel, or whatever simply by searching from it. It is named of book The Green Food Bible. Contain your knowledge by it. Without causing the printed book, it may add

your knowledge and make an individual happier to read. It is most essential that, you must aware about book. It can bring you from one destination for a other place.
