### Basic Sciences for Ophthalmology (Oxford Specialty Training: Basic Science) By Louise Bye, Neil Modi, Miles Stanford

Part of the Oxford Specialty Training series, *Basic Sciences for Ophthalmology* is an indispensable and fully comprehensive textbook, and the only book candidates will need to pass the FRCOphth Part 1 exam. Directly linked to the Royal College's exam, presented in a full colour, highly illustrated, and easy-to-read format, making the basic science behind ophthalmology more approachable and accessible to improve understanding.

Offering full coverage of the Royal College curriculum, the book includes information on anatomy, physiology, biochemistry, optics and practical refraction as well as a section on exam technique. Useful as a resource for the basic sciences in ophthalmology, the book will be also of interest to senior trainees, consultants, optometrists, orthoptists, and basic scientists, as well as those taking the FRCOphth exams.
