Delusion in Death (In Death, Book 35) By J. D. Robb

Lieutenant Eve Dallas must foil a terrorist plot in this explosive thriller in the #1 *New York Times* bestselling In Death series.

It was just another after-work happy hour at a bar downtown—until the madness descended. And after twelve minutes of chaos and violence, more than eighty people lay dead.

Lieutenant Eve Dallas is trying to sort out the inexplicable events. Surviving witnesses talk about seeing things—monsters and swarms of bees. They describe sudden, overwhelming feelings of fear and rage and paranoia. When forensics makes its report, the mass delusions make more sense: it appears the bar patrons were exposed to a cocktail of chemicals and illegal drugs that could drive anyone into temporary insanity—if not kill them outright.

But that doesn't explain who would unleash such horror—or why. Eve's husband, Roarke, happens to own the bar, but he's convinced the attack wasn't directed at him. It's bigger than that. And if Eve can't figure it out fast, it could happen again, anytime, anywhere. Because it's airborne...

Happy hour in a Manhattan bar becomes a scene of carnage when a potent hallucinogenic-drug mixture, released into the air, causes everyone inside to attack everyone else. While members of the NYPD unit headed by Lieutenant Eve Dallas soon identify the drugs, they can't stop another incident days later at a nearby cafe. With a total of 127 dead and the looming threat of another incident, Dallas and her colleagues (with Dallas billionaire husband, Roarke, who owns the bar, serving as a consultant) race to check out victims, including the few who survived the attack, as they search for connections and motives, with an unexpected assist from the historical knowledge of Roarke's live-in butler. Although sleepless for days, Dallas remains at the top of her game in this thirty-fifth entry in this suspense series by the prolific Robb (aka Nora Roberts); and even with the help of modern technology, it's still dogged police work and keen intuition that solve crimes. With its final twist, this is a compelling addition to a best-selling series. --Michele Leber

Review

“Biological terrorism is stalking New York residents in the newest installment of Robb’s extraordinary *In Death* series. While the main plot is diabolical and chilling, what makes this book really compelling is having Eve Dallas make progress dealing with her past. After so many books, these characters feel like family, which makes their adventures resonate all the more.”—*RT Book Reviews*

“While Robb serves up twists and turns in ample portions, the main attraction is still the character of Eve, who will win over readers with her ability to persevere in seeking a killer while coping with her personal demons.”—*Publishers Weekly*
