Computer Forensics InfoSec Pro Guide By David Cowen

Security Smarts for the Self-Guided IT Professional

Find out how to excel in the field of computer forensics investigations. Learn what it takes to transition from an IT professional to a computer forensic examiner in the private sector. Written by a Certified Information Systems Security Professional, *Computer Forensics: InfoSec Pro Guide* is filled with real-world case studies that demonstrate the concepts covered in the book.

You'll learn how to set up a forensics lab, select hardware and software, choose forensic imaging procedures, test your tools, capture evidence from different sources, follow a sound investigative process, safely store evidence, and verify your findings. Best practices for documenting your results, preparing reports, and presenting evidence in court are also covered in this detailed resource.

Computer Forensics: InfoSec Pro Guide features:

- Lingo?Common security terms defined so that you're in the know on the job
- IMHO?Frank and relevant opinions based on the author's years of industry experience
- Budget Note?Tips for getting security technologies and processes into your organization's budget
- In Actual Practice?Exceptions to the rules of security explained in real-world contexts
- Your Plan?Customizable checklists you can use on the job now
- Into Action?Tips on how, why, and when to apply new skills and techniques at work

Users Review

From reader reviews:

Florence Croy:

Do you among people who can't read gratifying if the sentence chained in the straightway, hold on guys this aren't like that. This Computer Forensics InfoSec Pro Guide book is readable through you who hate the straight word style. You will find the facts here are arrange for enjoyable looking at experience without leaving possibly decrease the knowledge that want to give to you. The writer involving Computer Forensics InfoSec Pro Guide content conveys objective easily to understand by most people. The printed and e-book are not different in the written content but it just different available as it. So , do you even now thinking Computer Forensics InfoSec Pro Guide is not loveable to be your top list reading book?

Wendy Miller:

Spent a free a chance to be fun activity to perform! A lot of people spent their spare time with their family, or all their friends. Usually they undertaking activity like watching television, planning to beach, or picnic inside park. They actually doing same task every week. Do you feel it? Will you something different to fill your personal free time/ holiday? May be reading a book can be option to fill your no cost time/ holiday. The first thing you ask may be what kinds of reserve that you should read. If you want to test look for book, may be the publication untitled Computer Forensics InfoSec Pro Guide can be excellent book to read. May be it can be best activity to you.

Jeremy Bedford:

Is it you actually who having spare time then spend it whole day by simply watching television programs or just telling lies on the bed? Do you need something totally new? This Computer Forensics InfoSec Pro Guide can be the response, oh how comes? A fresh book you know. You are therefore out of date, spending your extra time by reading in this fresh era is common not a geek activity. So what these ebooks have than the others?

Ira Atwood:

As a college student exactly feel bored for you to reading. If their teacher asked them to go to the library or

to make summary for some publication, they are complained. Just little students that has reading's internal or real their pastime. They just do what the educator want, like asked to the library. They go to right now there but nothing reading significantly. Any students feel that looking at is not important, boring and also can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Computer Forensics InfoSec Pro Guide can make you feel more interested to read.
