The Austro-Prussian War: Austria's War with Prussia and Italy in 1866 By Geoffrey Wawro

This is a new history of the Austro-Prussian-Italian War of 1866, which paved the way for German and Italian unification. Geoffrey Wawro describes Prussia's successful invasion of Habsburg Bohemia, and the wretched collapse of the Austrian army in July 1866. Blending military and social history, he describes the panic that overtook Austria's regiments in each clash with the Prussians. He reveals the blundering of the Austrian commandant who fumbled away key strategic advantages and ultimately lost a war--crucial to the fortunes of the Habsburg Monarchy--that most European pundits had predicted they would win.

Editorial Review

Review

"The Franco-Prussian War of 1870-1871 started the modern Hundred Years' War that did not end until 1945. Professor Geoff Wawro's book is the most comprehensive treatment of the subject. Thoughtful and well written, it is a major contribution to an understanding of history." Henry Kissinger

"The Austro-Prussian War is an outstanding work, illustrating once again that operational military history can make important and enjoyable contributions to understanding the past. A must for undergraduate, graduate, and specialist collections." Choice

"Geoffrey Wawro's lively and insightful new study offers the reader a view of the familiar events of the Königgrätz campaign from the relatively unfamiliar perspective of the Austrian Feldzeugmeister Ludwig Benedek's headquarters." German Studies Review

"Wawro's discussion of the strategic plans and dispositions of the three major belligerents and Austria's lesser allies is excellent. The simple maps aid understanding of the deployment and movements of widely separated forces on terrain unfamiliar to most American readers." SFC John T. Broom, Military Reviews

"Comprehensive, erudite, balanced, and clearly written, we have here the best work on this war in any language." J. Arden Bucholz, Central European History

"...offers a curious mixture of historical writing. ...Wawro presents excellent campaign history, particularly of the little-covered events in the Italian theater of operations. ...truly valuable for its narrative of events in the Italian theater." Scott W. Lackey, Historian

"This is an extraordinarily luminous book about not only a war but also a continent and a century. Written with verve and wit, The Franco-Prussian War harnesses scholarship and story-telling to wonderful effect. Geoffrey Wawro has given us a magnificent yarn." Rick Atkinson, author of *An Army at Dawn* and winner of the Pulitzer Prize

"As the author of a history of the Franco-Prussian War that has held the field for some forty years, I was deeply apprehensive when I learned that Dr. Wawro was at work on another. I had good cause to be. His work is magnificent. The research is both wide and deep, the operational analysis masterly, and there is not a dull page in the book. Dr. Wawro has established himself as one of the leading military historians of his generation." Sir Michael Howard

"A lively narrative history, based on an abundance of new research." MacGregor Knox, The London School of Economics

From the Back Cover

Geoffrey Wawro recounts the story of this crucial European war, from its diplomatic origins to its pivotal battles. This is the first history of the Austro-Prussian War in more than thirty years, and the first ever to be based upon extensive research in the political and military archives of Austria, France, Germany, Italy, and England. Wawro has reconstructed the Austrian campaign, blow-by-blow, hour-by-hour. He divulges the secrets of Prussian military success, as well as the dismal, sometimes lurid reasons for Austria's military

collapse and Italy's near collapse. The book is most notable for the light it sheds on the Habsburg war effort.

Users Review

From reader reviews:

Mildred Miller:

What do you concerning book? It is not important with you? Or just adding material when you need something to explain what your own problem? How about your spare time? Or are you busy individual? If you don't have spare time to try and do others business, it is make one feel bored faster. And you have extra time? What did you do? Every individual has many questions above. They should answer that question mainly because just their can do that will. It said that about e-book. Book is familiar in each person. Yes, it is suitable. Because start from on kindergarten until university need that The Austro-Prussian War: Austria's War with Prussia and Italy in 1866 to read.

Jessie Nathan:

Nowadays reading books become more than want or need but also become a life style. This reading addiction give you lot of advantages. The benefits you got of course the knowledge the rest of the information inside the book which improve your knowledge and information. The information you get based on what kind of book you read, if you want get more knowledge just go with schooling books but if you want sense happy read one along with theme for entertaining for example comic or novel. The The Austro-Prussian War: Austria's War with Prussia and Italy in 1866 is kind of publication which is giving the reader erratic experience.

Amanda Furr:

As we know that book is vital thing to add our information for everything. By a publication we can know everything we wish. A book is a range of written, printed, illustrated as well as blank sheet. Every year ended up being exactly added. This publication The Austro-Prussian War: Austria's War with Prussia and Italy in 1866 was filled in relation to science. Spend your time to add your knowledge about your scientific research competence. Some people has various feel when they reading a new book. If you know how big selling point of a book, you can sense enjoy to read a book. In the modern era like at this point, many ways to get book you wanted.

Sean Owens:

As a college student exactly feel bored to help reading. If their teacher inquired them to go to the library or to make summary for some reserve, they are complained. Just minor students that has reading's heart or real their hobby. They just do what the instructor want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that reading through is not important, boring in addition to can't see colorful pics on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this The Austro-Prussian War: Austria's War with Prussia

and Italy in 1866 can make you really feel more interested to read.
