Oil! By Upton Sinclair

***There Will Be Blood* wins a 2008 Golden Globes Award. Read about it [here](#).**

***There Will Be Blood* wins two 2008 Academy Awards. Read about it [here](#).**

Penguin Books is proud to now be the sole publisher of *Oil!*, the classic 1927 novel by Upton Sinclair. After writing *The Jungle*, his scathing indictment of the meatpacking industry, Sinclair turned his sights on the early days of the California oil industry in a highly entertaining story featuring a cavalcade of characters including senators, oil magnets, Hollywood film starlets, and a crusading evangelist.

This lively and panoramic book, which was recently cited by David Denby in the *New Yorker* as being Sinclair's "most readable" novel, is now the inspiration for the Paramount Vantage major motion picture, *There Will Be Blood*. It is the long-awaited film from Paul Thomas Anderson, one of the most admired filmmakers working today whose previous movies, *Boogie Nights* and *Magnolia* were both multiple Academy Award nominees. The movie stars Oscar-winner Daniel Day-Lewis (*Gangs of New York*, *My Left Foot*) and Paul Dano (*Little Miss Sunshine*).

Paramount Vantage will be releasing the film in New York and Los Angeles on December 26, 2007 and go nationwide in January. This is the same company responsible for *Babel* and *A Mighty Heart* and the current releases, *Into the Wild*, *Margot at the Wedding*, and *The Kite Runner*.

As wars rage on in the oil region and as anxiety over natural resources rise, the subject of this book, which celebrates its 80th anniversary in 2007, is more timely than ever.

Editorial Review

From Library Journal

Sinclair's 1927 novel did for California's oil industry what *The Jungle* did for Chicago's meat-packing factories. The plot follows the clash between an oil developer and his son. Typical of Sinclair, there are undertones here of socialism and sympathy for the common working stiff. Though the book is not out of print, this is the only paperback currently available.

Copyright 1997 Reed Business Information, Inc.

Review

“A classic tale of greed and corruption”—**Eric Schlosser**, author of *Fast Food Nation*

“[*Oil!* is] probably his second best book and certainly his most readable.”—**The New Yorker**

“Anderson's film is a true American saga—one that rivals *Giant* and *Citizen Kane* in our popular lore as origin stories about how we came to be the people we are... Daniel Day-Lewis is at his brilliant best as the story's Daniel Plainview, a man whose humanity diminishes as his fortunes increase.”—**Variety**

About the Author

Upton Sinclair (1878-1968) was born in Baltimore. At age fifteen, he began writing a series of dime novels in order to pay for his education at the City College of New York. He was later accepted to do graduate work at Columbia, and while there he published a number of novels, including *The Journal of Arthur Stirling* (1903) and *Manassas* (1904). Sinclair's breakthrough came in 1906 with the publication of *The Jungle*, a scathing indictment of the Chicago meat-packing industry. His later works include *World's End* (1940), *Dragon's Teeth* (1942), which won him a Pulitzer Prize, *O Shepherd, Speak!* (1949) and *Another Pamela* (1950).

Users Review

From reader reviews:

Samuel Hamby:

Book is actually written, printed, or created for everything. You can realize everything you want by a reserve. Book has a different type. As we know that book is important thing to bring us around the world. Beside that you can your reading talent was fluently. A reserve *Oil!* will make you to end up being smarter. You can feel much more confidence if you can know about almost everything. But some of you think which open or reading a book make you bored. It isn't make you fun. Why they can be thought like that? Have you looking for best book or appropriate book with you?

Dewayne Campbell:

Reading a book to become new life style in this yr; every people loves to go through a book. When you learn a book you can get a lot of benefit. When you read ebooks, you can improve your knowledge, because book has a lot of information on it. The information that you will get depend on what forms of book that you have

read. If you need to get information about your study, you can read education books, but if you want to entertain yourself you are able to a fiction books, such as novel, comics, and also soon. The Oil! will give you a new experience in studying a book.

Sergio Hawkinson:

This Oil! is completely new way for you who has intense curiosity to look for some information since it relieves your hunger for details. Getting deeper into it getting knowledge more you know or perhaps you who still have a tiny amount of digest in reading this Oil! can be the light food to suit your needs because the information inside this specific book is easy to get through anyone. These books develop itself in the form that is reachable by anyone, yep I mean in the e-book application form. People who think that in guide form make them feel tired even dizzy this e-book is the answer. So there is absolutely no need in reading a publication especially this one. You can find what you are looking for. It should be here for anyone. So, don't miss it! Just read this e-book kind for your better life along with knowledge.

Sheri Combs:

Do you like reading a reserve? Confuse to looking for your preferred book? Or your book seemed to be rare? Why so many issues for the book? But any kind of people feel that they enjoy intended for reading. Some people like reading, not only science book but in addition novel and Oil! or perhaps others sources were given information for you. After you know how the fantastic a book, you feel the need to read more and more. Science guide was created for teacher or students especially. Those books are helping them to put their knowledge. In some other case, beside science e-book, any other book like Oil! to make your spare time more colorful. Many types of book like this.
