## The Politics of Uncertainty: Sustaining and Subverting Electoral Authoritarianism (Oxford Studies in Democratization) By Andreas Schedler

Dictatorship is not what it was once. Military and single-party regimes have been withering away. Today, most dictators organize multiparty elections. *The Politics of Uncertainty* presents an analytical framework and empirical data that allow us to understand the distinctive political dynamics of these new electoral authoritarian regimes. It argues that all autocracies suffer from institutional uncertainties: their hold on power is never secure. They also suffer from informational uncertainties: they can never know for sure how secure they are. The author identifies these uncertainties as the central axes of regimes conflicts under dictatorship. The "politics of uncertainty" comprises the struggle between rulers and dissidents over these twin uncertainties. In electoral autocracies, it unfolds primarily as competition over electoral uncertainty. The study of electoral authoritarianism is a vibrant growth industry in political science and this book is required reading for all students of elections, authoritarianism, and democratization.

*Oxford Studies in Democratization* is a series for scholars and students of comparative politics and related disciplines. Volumes concentrate on the comparative study of the democratization process that accompanied the decline and termination of the cold war. The geographical focus of the series is primarily Latin America, the Caribbean, Southern and Eastern Europe, and relevant experiences in Africa and Asia. The series editor is Laurence Whitehead, Senior Research Fellow, Nuffield College, University of Oxford.

Do you occasionally have book but you would not get what it's interesting features of. Oh come on, that would not happen if you have this within your hand. The Enjoyable blend here cannot be questionable, such as treasuring beautiful island. Use you still want to miss the idea? Find this book and read it from currently!

**Diana Johnson:**

As a university student exactly feel bored for you to reading. If their teacher asked them to go to the library or even make summary for some publication, they are complained. Just very little students that has reading's soul or real their interest. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading really. Any students feel that reading is not important, boring in addition to can't see colorful images on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this The Politics of Uncertainty: Sustaining and Subverting Electoral Authoritarianism (Oxford Studies in Democratization) can make you feel more interested to read.
