XSLT Cookbook: Solutions and Examples for XML and XSLT Developers, 2nd Edition By Sal Mangano

Forget those funky robot toys that were all the rage in the '80s, XSLT (Extensible Stylesheet Transformations) is the ultimate transformer. This powerful language is expert at transforming XML documents into PDF files, HTML documents, JPEG files--virtually anything your heart desires. As useful as XSLT is, though, most people have a difficult time learning its many peculiarities. And now Version 2.0, while elegant and powerful, has only added to the confusion.

XSLT Cookbook, Second Edition wants to set the record straight. It helps you sharpen your programming skills and overall understanding of XSLT through a collection of detailed recipes. Each recipe breaks down a specific problem into manageable chunks, giving you an easy-to-grasp roadmap for integrating XSLT with your data and applications. No other XSLT book around employs this practical problem-solution-discussion format.

In addition to offering code recipes for solving everyday problems with XSLT 1.0, this new edition shows you how to leverage the improvements found in XSLT 2.0, such as how to simplify the string manipulation and date/time conversion processes. The book also covers XPath 2.0, a critical companion standard, as well as topics ranging from basic transformations to complex sorting and linking. It even explores extension functions on a variety of different XSLT processors and shows ways to combine multiple documents using XSLT. Code examples add a real-world dimension to each technique.

Whether you're just starting out in XSLT or looking for advanced techniques, you'll find the level of information you need in *XSLT Cookbook, Second Edition*.

This book also makes your own vocabulary increase well. So it is easy to understand then can go to you, both in printed or e-book style are available. We suggest you for having this specific XSLT Cookbook: Solutions and Examples for XML and XSLT Developers, 2nd Edition instantly.

Colleen Harman:

Do you like reading a reserve? Confuse to looking for your selected book? Or your book was rare? Why so many question for the book? But just about any people feel that they enjoy regarding reading. Some people likes looking at, not only science book but also novel and XSLT Cookbook: Solutions and Examples for XML and XSLT Developers, 2nd Edition or others sources were given knowledge for you. After you know

how the truly amazing a book, you feel want to read more and more. Science reserve was created for teacher or even students especially. Those publications are helping them to put their knowledge. In other case, beside science e-book, any other book likes XSLT Cookbook: Solutions and Examples for XML and XSLT Developers, 2nd Edition to make your spare time more colorful. Many types of book like this one.

Joyce Martinez:

As a college student exactly feel bored to help reading. If their teacher inquired them to go to the library or even make summary for some reserve, they are complained. Just very little students that has reading's heart or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that looking at is not important, boring along with can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this XSLT Cookbook: Solutions and Examples for XML and XSLT Developers, 2nd Edition can make you feel more interested to read.
