This fascinating and richly detailed new biography of Hitler reinterprets the known facts about the Nazi Fuehrer to construct a convincing, realistic portrait of the man. ### Editorial Review

#### Review

"This is no neo-Nazi apologia for the horrors of the Third Reich. It is an earnest effort to interpret Hitler's personal evolution and place his actions within his personal and political context. . . . In trying to fathom the 'real' Hitler, Stolfi may be on a fool's errand, but this provocative work is at least worthy of discussion."
