**Split Infinity (The Apprentice Adept, Book 1)** By Piers Anthony

On the technological, decadent world of Proton, someone was trying to destroy Stile, serf and master Gamesman. His only escape lay in Phaze, a world totally ruled by magic. Soon he learned that his alternate self had already been murdered, and that he was next. On Proton, his fate depended on winning the great Games. On Phaze, he must master magic to survive. And if he used any magic at all, his friends were determined to kill him at once!

### Editorial Review

#### Amazon.com Review

*Split Infinity* is the first book in Piers Anthony's Apprentice Adept series. Here two worlds exist side by side: Proton and Phaze. Proton is a science fiction world, where everything works in a logical and scientific manner. Phaze is a fantasy world similar to Anthony's Xanth in that there's no such thing as science--it's all done with magic! The wild plot involves a young adventurer named Stiles who lives in Proton and learns that his "double" in Phaze has been murdered. To solve his own demise, Stiles must travel between the two realities, each abounding with the expected confusions and unexpected plot twists for which Anthony is famous. An artful blending of SF and fantasy clichés and situations, *Split Infinity* shows Piers Anthony at the top of his ingenious game(s). --Stanley Wiater

#### From the Inside Flap

On the technological, decadent world of Proton, someone was trying to destroy Stile, serf and master Gamesman. His only escape lay in Phaze, a world totally ruled by magic. Soon he learned that his alternate self had already been murdered, and that he was next. On Proton, his fate depended on winning the great Games. On Phaze, he must master magic to survive. And if he used any magic at all, his friends were determined to kill him at once!

#### About the Author

**Piers Anthony**, sometimes called Pier Xanthony, is the pseudonym of a Mundane character who was born in England in 1934, came to America in 1940, was naturalized in 1958, and moved to Xanth in 1977. His first story was published in 1963, and his first novel, *Chthon*, in 1967. His first Xanth novel, *A Spell for Chameleon*, won the August Derleth Fantasy Award as the best novel for 1977, and his fantasy novels began placing on the *New York Times* bestseller list with *Ogre, Ogre*. He shifted from writing in pencil to writing on the computer, and *Golem in the Gears* was his first novel created on the machine; naturally, the computer found its way into Xanth.

### Users Review

#### From reader reviews:

##### Juan Elam:

Now a day individuals who Living in the era everywhere everything reachable by match the internet and the resources in it can be true or not demand people to be aware of each info they get.
