#### From the Author

A tough year became the inspiration for *1 Page at a Time*. It's an introspective journal with a sense of humor, at times sarcastic, optimistic and anxious, with small notes and reminders tucked in. But it's not me, it's you - pushing you to really think about who you are right now and what you want to be. It's a slow climb in a fast internet world, and proof that you're going to (literally) make it through the year, even if that feels impossible now.

The best part about this book is that though it's a solo journey, the hashtag in the book connects you to thousands of other people all around the world (it's been published in several languages now). You might find a penpal, or you might just realize that we're all facing our individual challenges together.
