Athenaze: An Introduction to Ancient Greek, Vol. 2 By Maurice Balme, Gilbert Lawall

Combining the best features of traditional and modern methods, *Athenaze: An Introduction to Ancient Greek, 2/e*, provides a unique course of instruction that allows students to read connected Greek narrative right from the beginning and guides them to the point where they can begin reading complete classical texts. Carefully designed to hold students' interest, the course begins in Book I with a fictional narrative about an Attic farmer's family placed in a precise historical context (432-431 B.C.). This narrative, interwoven with tales from mythology and the Persian Wars, gradually gives way in Book II to adapted passages from Thucydides, Plato, and Herodotus and ultimately to excerpts of the original Greek of Bacchylides, Thucydides, and Aristophanes' *Acharnians*. Essays on relevant aspects of ancient Greek culture and history are also provided.

New to the Second Edition:

- * **Short passages from Classical and New Testament Greek** in virtually every chapter
- * **The opening lines of the *Iliad* and the *Odyssey* toward the end of Book II**
- * **New vocabulary and more complete explanations of grammar**, including material on accents
- * **Many new exercises** and additional opportunities for students to practice completing charts of verb forms and paradigms of nouns and adjectives
- * **Updated Teacher's Handbooks for Books I and II** containing translations of all stories, readings, and exercises; detailed suggestions for classroom presentation; abundant English derivatives; and additional linguistic information
- * Offered for the first time, **Student Workbooks for Books I and II** that include self-correcting exercises, cumulative vocabulary lists, periodic grammatical reviews, and additional readings

Editorial Review

Review

"My students and I have both enjoyed using this text. The readings are fun, and the integration of reading, grammar, and cultural materials is remarkable, far above anything in any other elementary Greek or Latin text."--George Houston, University of North Carolina

"Excellent. Makes the ancient Greek language 'come alive' to the modern student."--Liane Houghtalin, Randolph-Macon College

"An enjoyable text to teach from. The presentation of grammar is logical. Students really can cope with a Greek text after this."--Robert W. Sawyer, Hiram College

"The only Greek text I know that I can imagine being used successfully in high schools as well as in colleges....The Classics community owes Maurice Balme, Gilbert Lawall, and the Oxford University Press a large debt of gratitude for producing this very useful text."--The Classical Outlook

"This extensively revised and expanded version includes many of the features of the original, but is much more stylishly produced and a great deal easier to read....Well worth looking into."--JACT Review

"I am using these texts [Athenaze and the OLC] and the students love them. They like the idea of being able to read immediately....I will continue to use these publications in my courses."--Sr. M. Regina Pacis, OSF, Franciscan University of Steubenville

"Excellent. The students enjoyed using it and became quite competent readers. I think it will make the transition to actual texts much easier."--Eva Stehle, University of Maryland

"I have taught Classical Greek from many other grammars in many different places, but Balme and Lowell's Athenaze is far and away the best of them all."--Howard Jackson, Pomona College

"We were especially attracted to the continuously developing story sequence, which teaches culture and history together with grammar and syntax. Our course is intensive, so we will do 26 chapters in 15 weeks."--Victor Udwin, University of Tulsa

"Excellent, comprehensive and well-supported work."--Bruce R. Marino, Valley Forege Christian College

Language Notes

Text: English, Greek

About the Author

Maurice Balme is at Harrow School (Emeritus). Gilbert Lawall is at University of Massachusetts, Amherst (Emeritus).

Users Review

From reader reviews:

Cory Denton:
