### **Dermatopathology E-Book: A Volume in the Series: Foundations in Diagnostic Pathology** By Klaus J. Busam

This new volume in the Foundations in Diagnostic Pathology Series packs all of today's most essential dermatopathology know-how into a compact, high-yield format! Its pragmatic, well-organized approach, abundant full-color illustrations, and at-a-glance tables make the information you need easy to access. Over 1,100 full-color photographs capture the appearance of a full range of skin lesions.

- Covers both neoplastic and non-neoplastic disorders of the skin.
- Provides detailed discussions of metabolic, systemic, allergic, infectious, and inflammatory skin diseases as well as cutaneous neoplasms giving you well-rounded, comprehensive coverage.
- Offers over 1,100 full-color, high-quality photographs that demonstrate the key features of a wide variety of pathologic lesions offering enhanced diagnostic guidance.
- Employs a consistent, user-friendly organization throughout to present each pathologic entity's gross and microscopic features, prognostic and therapeutic considerations, ancillary studies, and differential diagnoses.
- Presents information in boxes and tables for at-a-glance reference.

### **Editorial Review**

#### **Review**

"I liked the layout of this textbook and it provided an excellent synopsis of the diseases that were included. The book is also accessible online...It is a textbook that should be available in all training departments for both dermatologists and histopathologist."

#### **The Bulletin, October 2010**

"Busam and a group of experienced diagnostic dermatopathologists hit that mark precisely with this text...Books offering an introduction to the field and those aiming to cover the "essentials" also abound. What sets this volume apart, however, is the emphasis on differential diagnosis, logical organization, and liberal use of summary tables. Very few books are as practical for a busy practicing pathologist or resident as this volume." - Barbara M. Egbert, MD, Doody's Review Service

### **Users Review**

#### **From reader reviews:**

##### **Shawn Marsh:**

Book will be written, printed, or descriptive for everything. You can realize everything you want by a guide. Book has a different type.
