Turning Toys with Richard Raffan By Richard Raffan

Most woodturners have children in their lives who would appreciate a hand-turned toy (or several). The projects in **Turning Toys** can serve as a base for almost limitless variation, so you can put your own stamp on each object you create.

Repetition is the key to mastering any craft, so these projects are in part skill-builders that you can repeat and thereby hone your turning techniques. You can get plenty of practice when small kids can't have too many peg dolls, balls, or things on wheels. You'll see ways of salvaging a situation when things go wrong, as they inevitably do when you have a catch or the wood splits. Disasters become design opportunities.

The photos and drawings show you what to do, step-by-step; you'll see exactly how the tools are used, how the cutting edge should relate to the surface you're cutting, and how to stand to support and hold the tools so that working at your lathe is a comfortable and pleasurable activity.

Few things can be more satisfying than making stuff for people you know, let alone love, especially when you can watch them using and enjoying the products of your labors. This book will bring you many happy and fruitful hours at the lathe creating heirlooms for future generations.

Editorial Review

About the Author

Richard Raffan has been internationally acclaimed for both his turning and his teaching. Well known for his gallery-quality production work, he is the author of *Turning Wood*, *Turning Boxes*, *Turning Bowls*, *The Art of Turned Bowls*, and *The Complete Illustrated Guide to Turning*. He has also appeared in three feature-length instructional videos, including the best-selling *Turning Wood with Richard Raffan*.

Users Review

From reader reviews:

Austin Barnes:

As people who live in the modest era should be change about what going on or facts even knowledge to make all of them keep up with the era which is always change and advance. Some of you maybe will update themselves by studying books. It is a good choice in your case but the problems coming to you is you don't know which one you should start with. This Turning Toys with Richard Raffan is our recommendation to help you keep up with the world. Why, because book serves what you want and wish in this era.

Edward Stevenson:

Do you have something that you enjoy such as book? The book lovers usually prefer to pick book like comic, short story and the biggest an example may be novel. Now, why not attempting Turning Toys with Richard Raffan that give your pleasure preference will be satisfied by reading this book. Reading behavior all over the world can be said as the method for people to know world a great deal better then how they react when it comes to the world. It can't be mentioned constantly that reading addiction only for the geeky person but for all of you who wants to always be success person. So , for every you who want to start studying as your good habit, you may pick Turning Toys with Richard Raffan become your starter.

Robert Fox:

On this era which is the greater individual or who has ability in doing something more are more special than other. Do you want to become one among it? It is just simple way to have that. What you should do is just spending your time almost no but quite enough to possess a look at some books. One of many books in the top listing in your reading list will be Turning Toys with Richard Raffan. This book which can be qualified as The Hungry Slopes can get you closer in getting precious person. By looking way up and review this publication you can get many advantages.

Jeffrey Call:

As a university student exactly feel bored in order to reading. If their teacher inquired them to go to the

library or to make summary for some reserve, they are complained. Just little students that has reading's spirit or real their hobby. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Turning Toys with Richard Raffan can make you feel more interested to read.
