My Family and Other Animals By Gerald Durrell

The first book Gerald Durrell's *Corfu Trilogy*: a bewitching account of a rare and magical childhood on the island of Corfu, now the inspiration for *The Durrells in Corfu* on Masterpiece PBS

When the unconventional Durrell family can no longer endure the damp, gray English climate, they do what any sensible family would do: sell their house and relocate to the sunny Greek isle of Corfu. *My Family and Other Animals* was intended to embrace the natural history of the island but ended up as a delightful account of Durrell's family's experiences, from the many eccentric hangers-on to the ceaseless procession of puppies, toads, scorpions, geckoes, ladybugs, glowworms, octopuses, bats, and butterflies into their home.

Editorial Review

Amazon.com Review

As a self-described "champion of small uglies," English writer Gerald Durrell (1925-1995) devoted his life to writing and the preservation of wildlife, from the Mauritius pink pigeon to the Rodrigues fruit bat. *My Family and Other Animals* was intended to embrace the natural history of the Greek island of Corfu, but ended up as a delightful account of his family's experiences that were, according to him, "rather like living in one of the more flamboyant and slapstick comic operas."

As a 10-year-old boy, Gerry left England for Corfu with "all those items that I thought necessary to relieve the tedium of a long journey: four books on natural history, a butterfly net, a dog, and a jam-jar full of caterpillars all in imminent danger of turning into chrysalids." Durrell's descriptions of his family and its many eccentric hangers-on (he stresses that "all the anecdotes about the island and the islanders are absolutely true") are highly entertaining, as is the procession of toads, scorpions, geckos, ladybugs, glowworms, octopuses, the puppies Widdle and Puke, and the Magenpies. This is a lovely book.

Review
