The Road to Tolerance: The Philosophy of Rational Emotive Behavior Therapy By Albert Ellis

In this overview of one of the most successful forms of psychotherapy — Rational Emotive Behavior Therapy (REBT) — its creator and chief advocate, Albert Ellis, explains at length the principles underlying this therapeutic approach and shows how beneficial it can be, not only for therapy but also as a basic philosophy of life. As the title indicates, REBT promotes an attitude of tolerance, an open-minded willingness to accept the frailties, less-than-ideal behaviors, and unique characteristics of both others and ourselves. Ellis persuasively demonstrates that lack of tolerance of our own imperfections can easily lead to emotional disturbances and unhappiness. And intolerance of others, which fails to account for the great diversity of human personalities and behaviors, can become a serious disruptive force in today's highly diverse, multicultural global society.

To counter such negative tendencies, Ellis advocates the adoption and practice of three basic attitudes of tolerance: (1) Unconditional Self-Acceptance (USA); (2) Unconditional Other-Acceptance (UOA); and (3) Unconditional Life-Acceptance (ULA). He discusses the philosophical foundations of these principles and then devotes a number of chapters to comparing REBT to spiritual and religious philosophies. He points out the dangers of fanatical tendencies in religion while also showing how the basic principles of REBT are similar to some ancient religious philosophies such as Zen Buddhism and the Judeo-Christian Golden Rule. In addition, he criticizes certain secular philosophies for their extremism, including Fascism and Ayn Rand's Objectivism, and he also discusses the ramifications of applying REBT in the social, political, and economic sphere. In emphasizing how easy it is for all of us to think, feel, and act intolerantly, Ellis brilliantly shows that tolerance is a deliberate, rational choice that we can all make, both for the good of ourselves and for the good of the world.

Editorial Review

From Publishers Weekly

Now over 90 years old, the ebullient cognitive therapy pioneer Ellis has written more than 75 books, most of which advocate his brand of psychotherapy, Rational Emotive Behavior Therapy. Writing in the no-nonsense style that characterizes his public speaking, Ellis opens his latest with an overview of how his therapeutic principles evolved. Dismissing Freudian therapy as ineffectual and opposing Jung's mysticism, Ellis believes in helping clients banish self-defeating thoughts, or "negative nonsense," in order to take control of their lives. Ellis, who claims to have discovered his main idea—that people largely upset themselves with these negative thoughts—in classical and Asian philosophy, recommends his teachings as a general guide to life. Assuming religious belief to be the most prevalent popular philosophy, he discusses—with the cautiousness of a self-declared atheist—some of the benefits of religious belief but warns against fundamentalism. He also pours doubt on religion's capacity for improving thought processes. And he takes on—not for the first time—Ayn Rand's Objectivism, using some entertainingly gossipy anecdotes culled from personal encounters with her. Throughout, Ellis demonstrates how it might be possible to salvage religion's humanistic and caring aspects for the purposes of therapy. Ellis's fans will enjoy his characteristically forthright engagement with definitions of spirituality and his honest, lively reappraisal of his own thought.

About the Author

Albert Ellis, PhD (1913-2007) practiced psychotherapy, marriage and family counseling, and sex therapy for over sixty years. He was the author of more than eighty books, including many popular best sellers. Other books by Albert Ellis available from Prometheus Books are: *The Myth of Self-Esteem*; *The Road to Tolerance*; *Rational Emotive Behavior Therapy: It Works for Me—It Can Work for You*; *Overcoming Destructive Beliefs, Feelings, and Behaviors: New Directions for Rational Emotive Behavior Therapy*; and (with Raymond J. Yeager) *Why Some Therapies Don't Work: The Dangers of Transpersonal Psychology*.

Users Review

From reader reviews:

Marvin Seto:

Book is to be different for each grade. Book for children until finally adult are different content. As you may know that book is very important usually. The book The Road to Tolerance: The Philosophy of Rational Emotive Behavior Therapy seemed to be making you to know about other expertise and of course you can take more information. It is rather advantages for you. The book The Road to Tolerance: The Philosophy of Rational Emotive Behavior Therapy is not only giving you much more new information but also to get your friend when you sense bored. You can spend your own personal spend time to read your reserve. Try to make relationship using the book The Road to Tolerance: The Philosophy of Rational Emotive Behavior Therapy. You never experience lose out for everything when you read some books.

Ken Martin:

Information is provisions for folks to get better life, information currently can get by anyone from

everywhere. The information can be a know-how or any news even restricted. What people must be consider when those information which is from the former life are difficult to be find than now could be taking seriously which one works to believe or which one the resource are convinced. If you get the unstable resource then you buy it as your main information you will see huge disadvantage for you. All those possibilities will not happen throughout you if you take The Road to Tolerance: The Philosophy of Rational Emotive Behavior Therapy as your daily resource information.

Guadalupe Leatherman:

A lot of people always spent their free time to vacation or maybe go to the outside with them household or their friend. Do you realize? Many a lot of people spent these people free time just watching TV, or playing video games all day long. If you want to try to find a new activity here is look different you can read some sort of book. It is really fun in your case. If you enjoy the book you read you can spent all day long to reading a e-book. The book The Road to Tolerance: The Philosophy of Rational Emotive Behavior Therapy it is very good to read. There are a lot of people that recommended this book. These were enjoying reading this book. If you did not have enough space to develop this book you can buy often the e-book. You can m0ore easily to read this book from your smart phone. The price is not to cover but this book possesses high quality.

Lorraine Bryant:

Precisely why? Because this The Road to Tolerance: The Philosophy of Rational Emotive Behavior Therapy is an unordinary book that the inside of the guide waiting for you to snap this but latter it will shock you with the secret it inside. Reading this book beside it was fantastic author who write the book in such amazing way makes the content interior easier to understand, entertaining way but still convey the meaning completely. So , it is good for you because of not hesitating having this anymore or you going to regret it. This excellent book will give you a lot of positive aspects than the other book have such as help improving your talent and your critical thinking method. So , still want to postpone having that book? If I were being you I will go to the reserve store hurriedly.
