The Small-Cap Investor: Secrets to Winning Big with Small-Cap Stocks By Ian Wyatt

Praise for The Small-Cap Investor

"The great rewards of investing in the best small-cap companies are matched only by the risks of investing in the worst. Ian Wyatt is one of the few who not only shows you how to find the hidden gems, but also how to avoid the flea-ridden dogs. His new book is a must-read for all small-cap investors, especially in today's turbulent times."

—Martin D. Weiss, author of the *New York Times* bestseller, *The Ultimate Depression Survival Guide*

"Small-cap stocks are now the best source of wealth-building because there is now little to zero research on them—use Ian's stock discovery methods and find the ten-bagger innovative companies underneath Wall Street's radar."

—Tobin Smith, founder of ChangeWave Research and costar of the Fox News show *Bulls & Bears*

"I love small-cap stocks. Why invest for 10% returns when you can find ten-baggers? But no one said it was easy. There are a kazillion names and every one of them sounds like a winner. Ian Wyatt, in his very informative book, *The Small-Cap Investor*, shows you how to find them, analyze them, and ride them for all they're worth."

—Andy Kessler, New York Times columnist and bestselling author of *Running Money* and *Wall Street Meat*

"Ian has written the essential guide for anybody who wants to understand how to make big money in the stock market. His eight-step program shows how to identify and invest in the small companies that will become tomorrow's mega-winners."

—Michael Moe, cofounder and CEO of NeXt Asset Management and author of *Finding the Next Starbucks*

"The one area of the entire financial markets where the individual investor can actually have an edge on the institutional investor is small-cap stocks. Ian Wyatt's book, *The Small-Cap Investor*, is your field manual for big profits. His strategies

could help you find the big winners of tomorrow, perhaps even the next Cisco, Dell, Microsoft, or Wal-Mart."

— Dr. Stephen Leeb, editor of *The Compelte Investor* and author of *The Coming*

Editorial Review

From the Inside Flap

Small-cap stocks, those publicly traded companies with market capitalizations less than \$2 billion, can yield significant gains that are impossible to find in larger stocks. They've also proven to be among the most attractive investments after a financial downturn. Unfortunately, information about how to successfully invest in these smaller companies has been hard to find—until now.

Author Ian Wyatt is dedicated to helping investors find great companies at bargain prices before Wall Street or Main Street catches on. As the Chief Investment Strategist of SmallCapInvestor.com, he's guided countless individuals in their quest to capture small-cap investing success. Now, with *The Small-Cap Investor*, Wyatt will help you do the same.

Throughout the book, Wyatt clearly outlines his proven investment process and the systems that are involved—detailing eight straightforward steps you need to take to find, research, and analyze small-cap stocks that could put big gains in your portfolio. Page by page, he takes the time to explain the essential criteria involved in picking the right stocks and timing your buy/sell decisions. Topics touched upon include:

- Identifying growth trends and market sectors positioned for rapid growth in the years to come
- Secrets for finding undiscovered small caps before they are embraced by the financial media and institutional investors
- Understanding the fundamentals of a potential investment, including products, services, and management's ability to run the business

Along the way, Wyatt not only shows you how to find winners, but also addresses how to avoid losers. This is particularly important for investors who have experienced losses in their portfolios, and are looking to grow their portfolios in the coming years.

Many of today's top large-cap companies—from Microsoft to Wal-Mart—all started out small and grew to become dominant forces in their respective industries. Investors who bought these great companies early on profited handsomely. By following Wyatt's guidance, and understanding his strategies for finding winners, you'll have a huge edge over other investors and be in a better position to profit from the exponential growth of the right small-cap companies.
