Technical Communication in the Twenty-First Century with NEW TechCommLab with eText (2nd Edition) By Sidney I. Dobrin, Christian R. Weisser, Christopher J. Keller

Technical Communication in the Twenty-First Century (TCTC) prepares readers to be successful writers and readers of technical communication, regardless of their career path. Featuring a wealth of examples and cases, it emphasizes problem-solving, collaboration, visual rhetoric and usability. Its approach analyzes *why* something worked or did not work, as well as *how* to produce the appropriate communication. Now available with the *MyTechCommLab* online learning tool, this edition features more focus on transnational communication, forty-five new case studies, and new information on the relationship between technology and communication.
